

# Steps in the FPP Process

## "How to do FPP"

---

Step 1 – Project economic sectors under existing policies.

Step 2 – Form your baseline based on Step 1.

✓ Step 3 – Identify the problems in the baseline projection.

✓ Step 4 – Set the program objectives to adjust for the baseline.

✓ Step 5 – Identify the policy measures to achieve the program objectives.

Step 6 – Project forward the impact of your proposed policy measures on the baseline.

✓ Step 7 – Iterate to achieve economic and accounting consistency.
